Please make sure that we have the completed case file on sharepoint. Oregon and the company has already inquired about the status of this case. We need to move forward with evaluating the case file for potential violations. I will assign it once you let me know that it is complete.
Regards,
Kimberly

Subject: RE: File Name: Southern Agricultural Insecticides, Inc/File No.: 119-035-5024 CA

Dear Ms. Bingham,

Please be advised that the aforementioned case file has been uploaded to Sharepoint for your agency's review and determination.

This case file was initiated based on information received from the Oregon Department of Agriculture (ODA). In the report, ODA indicated that laboratory analysis detected the presence of pesticide active ingredients not listed on the product label for Triple Action Neem Oil Broad Spectrum Fungicide, Insecticide Miticide, EPA Reg. No 70051-2-289.

Further, a formulation sample of **SA Triple Action Neem Oil**", EPA Reg. No. **70051-2-289**, Sample Number **030619 5024 0101**, analyzed by the Florida Department of Agriculture and Consumer Services ("Department"), indicated the presence of Permethrin; Permethrin is not listed on the product label.

This concludes the Department's investigation; these files will be held in abeyance until further notice.

Subject: For Review and Determination

File Name: Southern Agricultural Insecticides, Inc

File No.: 119-035-5024 CA

Please advise if you need additional information regarding this case file.
